THE OSCEOLA & ST. CROIX VALLEY RAILWAY

The Osceola & St. Croix Valley Railway was formed to return the experience of passenger railroading to the scenic St. Croix River Valley. The OSCVRY operates diesel powered train excursions and special event rail trips, working closely with communities along the Lower St. Croix River.

All members of the OSCVRY train crew are volunteers; they love their hobby and are willing to share information about the train, sights along the route, the history of the railroad and the St. Croix Valley.
